

Acceptable Use Policy

Effective Date: July 2, 2024

1. Prohibited Uses and Activities

We want to ensure that everyone can enjoy and benefit from our Service. Please keep the following guidelines in mind to help us achieve this goal:

1.1 Content Guidelines

Ensure that any content you post, store, or transmit is respectful and lawful. Do not share material that could be considered libelous, obscene, threatening, defamatory, or that infringes on intellectual property rights. Avoid content that might encourage criminal behavior or violate any local, state, federal, or international laws.

1.2 Respecting Copyright

Please obtain proper authorization before using or sharing any material that is protected by copyright or other proprietary rights.

1.3 Authentic Interactions

To maintain trust and security, please ensure your communications are genuine and transparent. This includes avoiding impersonation, falsifying sender addresses, or engaging in phishing activities.

1.4 Adhering to Network Policies

When accessing networks, servers, or websites, follow their rules and policies to ensure smooth and lawful operation.

1.5 Access Permissions

Only access the information and systems for which you have permission. Do not take any actions that might breach security or attempt to bypass authentication measures.

1.6 Software Use

You're welcome to make one backup copy of the software provided with the Service. For any other use, please ensure it aligns with our guidelines and agreements.

1.7 Handling Equipment

To maintain the integrity of the Service, please handle WCI's equipment with care and avoid unauthorized modifications. If you need assistance, feel free to contact us.

1.8 Authorized Use

The Service is intended for your use and not for operating as an Internet Service Provider or for other business purposes unless specifically authorized.

1.9 Supporting Others' Experience

Please use the Service in a way that supports others' ability to enjoy it. This includes avoiding actions that might cause performance issues or restrict others' use.

1.10 Service Availability

You are welcome to make the Service available to authorized employees, contractors, or in public areas of your site. For any other use, please ensure it is in line with your agreement with us.

1.11 Connecting Devices

Please connect WCI's equipment only within your designated Service Location(s) to ensure proper functioning.

1.12 Network Management

Assist us in maintaining network security by supporting WCI's management of ports and domain name servers (DNS) used in the Service.

1.13 IP Address Use

Please use dynamic IP addresses in accordance with the DHCP protocol, unless your agreement specifies otherwise.

2. Your Responsibility

2.1 Account Management

You are responsible for all activity under your Service account. This includes ensuring that everyone with access follows the Acceptable Use Policy.

2.2 Copyright Adherence

We appreciate your efforts to avoid copyright infringement. Please adhere to all DMCA notices and requests related to your use of the Service.

2.3 Securing Equipment

Help us keep the Service secure by protecting any non-WCI equipment connected to the Service from external threats.

3. Inappropriate Content and Transmissions

3.1 Content Review

While we generally do not monitor content, we retain the right to review and address any material that may violate this Policy or applicable laws. Our goal is to maintain a positive and secure environment for everyone.

3.2 Commercial Use

The Service is designed for commercial use as outlined in your Business Services Agreement. To ensure continued access, please comply with all terms and conditions. We are here to assist if you need any clarification.
